### SUMMARY

As sovereign Councils and as a Partnership, we recognise that effective use of our land and property assets form one of the essential ingredients for high quality service delivery and creating and ensuring value for our residents. Our aim is to manage a well-planned and well maintained property portfolio, ensuring that we can demonstrate value for money and, more importantly, that by using our assets well, secure wide value for our community.

Appendix 1 presents the draft South and East Lincolnshire Councils Partnership Asset Management Strategy 2023 – 2028. The draft has been considered by each sovereign Council's scrutiny function and has been presented to each Council's executive body for referral to the respective Council for formal adoption. East Lindsey's Executive received the draft on 22 March 2023 and resolved:

That the draft South and East Lincolnshire Councils Partnership Asset Management Strategy 2023 – 2028 attached at Appendix 1 be endorsed and recommended to Council for adoption.

The draft has been purposefully crafted to be high level in that it seeks to set the guiding principles for Asset Management across the SELCP and only seeks to set a focussed number of high level actions in order to shape and drive the detailed work necessary within each Council to manage and maintain their respective assets.

Whilst it is intended to supersede each Council's highest level Asset Management Plan, it does not immediately supersede the various process and policy documents that sit below those plans as that will require a 'detailed review of the detail'.

### **RECOMMENDATIONS**

That Council adopt the draft South and East Lincolnshire Councils Partnership Asset Management Strategy 2023 – 2028 attached at Appendix 1.

### REASONS FOR RECOMMENDATIONS

Developing and adopting a partnership wide Asset Strategy was a key action prescribed in the Partnership's 2022/23 work plan. The draft at Appendix 1 includes all amendments proposed by each body that has previously received the draft.

### OTHER OPTIONS CONSIDERED

Not to adopt the draft – this would be contrary to the adopted work plan and would leave a policy void – not recommended.

### 1. BACKGROUND

1.1 Having set out within the SELCP Workplan for 2022/23 that a new Asset Strategy is required for the three sovereign Councils, the draft attached at Appendix 1 has been considered by each partner Council's scrutiny function and each Executive/Cabinet; on 29 March 2023, East Lindsey's Executive resolved:

That the draft South and East Lincolnshire Councils Partnership Asset Management Strategy 2023 – 2028 attached at Appendix 1 be endorsed and recommended to Council for adoption.

## 2. REPORT

- 2.1 Each SELCP Council is responsible for delivering a wide range of public services with each playing a key role in community leadership and setting out their priorities within their respective Corporate Plans.
- 2.2 In order to deliver services effectively and contribute towards each Council's Corporate Strategy, partner Councils need a clear framework for understanding the 'value' and condition of their land and property, ensuring that each secures the maximum value from their respective general fund asset portfolios.
- 2.3 Although the size and diversity of each Council's portfolio varies significantly, each Council faces pressures on its finances and needs to continually take a robust but realistic view about what they keep, what they dispose of, what they use and what they acquire; assets need to be considered **strategically**, considered in light of each Council's **priorities**, and considered in light of each Council's **resources**.

2.4 Appendix 1 presents the draft South and East Lincolnshire Councils Partnership Asset Management Strategy 2023 – 2028 updated to include all comments made by each panel/committee that has received it previously; as it forms part of the Council's Policy Framework, its adoption is reserved to Council.

### 3. CONCLUSION

3.1 Adopting the draft attached at Appendix 1 will provide this Council and each partner Council with a strategic, robust and consistent asset framework to take forward.

### **EXPECTED BENEFITS TO THE PARTNERSHIP**

Adoption of the draft by Council will provide a common approach to Asset Management across the SELCP where it benefits each sovereign partner.
