REPORT AUTHOR:	Rebecca James, Scrutiny & Policy Officer
WARD(S) AFFECTED:	None
EXEMPT REPORT?	No

SUMMARY

The Freedom of Information Act 2000 (FOIA) and Environmental Information Regulations 2004 (EIR) require Councils to follow certain procedures in relation to public access to information. The current policy was last updated in 2018 and did not incorporate the EIR.

This draft document has been fully reviewed, updated, and aligned across the partnership. Reviewing the policy ensures any updates are captured in the new aligned policy, as well as ensuring the policy is still fit for purpose and complies with all current statutory requirements.

RECOMMENDATIONS

- That the Executive Board approves the draft FOI/EIR Policy.

REASONS FOR RECOMMENDATIONS

To ensure the Council is meeting its statutory requirements in relation to FOI and EIR.

OTHER OPTIONS CONSIDERED

None

1. BACKGROUND

- 1.1** East Lindsey District Council is responsible for ensuring it meets statutory requirements in relation to Freedom of Information (FOI) and Environmental Information Regulations (EIR). Reviewing and updating this policy, found at **Appendix A**, ensures that this Council is meeting its statutory obligations with regard to Freedom of Information and Environmental Information Regulation requests.
- 1.2** There are policy links to FOIA and EIR webpages throughout the FOI/EIR policy document, which means that Council policy does not need updating every time FOIA/EIR is amended, as the policy will automatically link people to latest version of the FOI and EIR.

2. REPORT

- 2.1** The Freedom of Information Act and Environmental Information Regulations are the legislation under which information is generally requested from the Council. Anyone can request access to general information held by the Council using the Freedom of Information Act. The Environmental Information Regulations provide the same right but for environmental information.
- 2.2** The Freedom of Information Act also requires the Council to produce a Publication Scheme which lists information that is made available without the need to request it. The Council also includes environmental information in its Publication Scheme.
- 2.3** The updated and aligned policy outlines how the Council will meet its obligations under the FOI and EIR. The policy is being aligned across all 3 Councils in the South and East Lincolnshire Councils Partnership to provide consistency for staff when dealing with requests and enquiries.
- 2.4** The Information Governance Manager is the person who has specific responsibility for the Council's compliance under the FOIA / EIR, and the implementation, compliance, and maintenance of the policy. However, it is the responsibility of all employees to ensure that all requests for Information are forwarded to the Information Governance Team without delay, whether they specifically say it is a request under the FOIA / EIR or not, and that any requests from the Information Governance Team for information are complied with in an expeditious manner, and by no later than the deadline dates given.

3. CONCLUSION

- 3.1** The FOI/EIR policy has been fully reviewed and updated, to ensure all statutory requirements are complied with and the information within is easily accessible to officers and members of the public alike, clearly setting out the processes to follow when requesting information.

EXPECTED BENEFITS TO THE PARTNERSHIP

An updated and aligned policy will provide an opportunity to promote the policy and confirm procedures to ensure services are aware of their statutory requirements in relation to requests for information from members of the public.

IMPLICATIONS

SOUTH AND EAST LINCOLNSHIRE COUNCILS PARTNERSHIP

This will be an aligned policy, so officers are working to a single policy and set of procedures, ensuring consistency for officers and residents alike.
