SUMMARY

Attached to this report is the draft detail of the 2024/25 budget, the 5-year Medium Term Financial Strategy (MTFS) from 2024/25 to 2028/29 .

The report also includes the recommended level of Council Tax for 2024/25.

The proposed budget shows that efficiencies will be required to support the medium-term financial strategy (MTFS).

Executive Board are asked to consider the attached draft budget and to release it for consultation.

RECOMMENDATIONS

That the Executive Board recommends for Public Consultation:

- 1. The Draft Budget and Medium Term Financial Strategy for the period 2024/25 – 2028/29*
- 2. Notes the intention to seek alignment of constitutional limits across the partnership and to implement arrangements to facilitate the delivery of the Councils priorities during 2024/25 and onwards as part of the budget setting process.*

REASONS FOR RECOMMENDATIONS

To comply with the budgetary and policy framework and legislative requirement.

OTHER OPTIONS CONSIDERED

To not commence budget consultation.

1. BACKGROUND

- 1.1** The attached Budget Report and Financial Policies set out the Council's Revenue and Capital Budgets for 2024/25 and the Medium Term Financial Strategy (MTFS) to 2028/29..
- 1.2** The preparation of the budget for 2024/25 has been a detailed process involving officers and the attached appendices reflect the latest known position.
- 1.3** The draft Local Government Settlement announced on 18th December 2023 provided additional detail of continuing and additional one off support to councils including confirmation of allocations of Revenue Support Grant (RSG), Rural Services Delivery Grant (RSDG), New Homes Bonus and Minimum Funding guarantee.
- 1.4** The report below sets out the basis for draft budget and MTFS for the next five years and assumptions used in its development.

2. KEY BUDGET PRESSURES

2.1. Identified below are the major changes and key pressures that are being included within the proposed budget:

- An award for 2023/24 was agreed November 2023 being a rise of up to 9.42% for the lowest paid through to 3.88% for those on the highest bands. For 2024/25 a 3.5% increase has been assumed with this moving to 3% for 2025/26 and then 2.5% from 2026/27 onwards.
- Pension contributions will be 23.8% in 2024/25 with an additional lump sum amount payable towards the deficit on the pension scheme. This rate is applied only to those staff in the local government pension scheme. The pension contribution rate is assumed to stay at 23.8% throughout the life of the MTFS.

- The return on cash investment reflects recent increases to Bank of England base rates which has increased significantly from the recent historic low levels. A further meeting of the MPC on Wednesday 20th December 2023 held rates at 5.25%.
- Electricity and gas costs have been based on actuals for 2024/25.
- Vehicle fuel costs have been based on 2023/24 actuals and current fuel prices.
- Increased Internal Drainage Board levy.
- Increased contract and service costs are similarly a feature of the budget, albeit officers and members are working closely to seek to manage these implications and impacts, these include:
 - Increased demand for homelessness support;
 - External audit fees;
 - PSPS contract increase

3. COUNCIL TAX AND BUSINESS RATES

3.1. The previous Medium Term Financial Strategy (MTFS) committed to a Council Tax increase in line with the maximum allowed under the recent Local Government Settlement. For ELDC in 2024/25 this is a £4.95 (3.06%) per annum increase (for band D properties). This will generate additional income of £370k and the increase is reflected throughout the life of the MTFS.

3.2. The tax base projections for 2024/25 indicate growth of 845 band D equivalent properties (1.82%). Future growth has been projected at 1.5%.

3.3. The National Non-Domestic Rates Form (NNDR1) production is now particularly important in terms of changes to the business rate yield which heavily influences not just our own budgets, but also the Pool we are part of within Lincolnshire and significantly the County Council. This is an area of focus as we seek to understand the changes within the yield, particularly as a result of economic impacts and changes in Government Policy and will be finalised on 31st January 2024 and be one of the final components of the budget to be finalised between draft and final

3.4. In order to manage and review this important income stream and the changes within it regular review meetings are taking place internally. There have also been some significant changes which need further and detailed consideration in terms of growth, appeals and new hereditaments.

4. LOCAL GOVERNMENT SETTLEMENT

4.1. The provisional local government settlement delivered on 18th December has provided the following support:

Local Government Settlement Information	East Lindsey District Council		
	2023/24 Budget	2024/25 PROVISIONAL Settlement	Difference 23/24 - 24/25
	£'000	£'000	£'000

Revenue Support Grant	1,310	1,396	86
Rural Services Delivery grant	779	779	0
Lower Tier Services Grant	0	0	-0
Service Grant	249	39	(210)
Sub Total	2338	2214	(124)
Funding Guarantee (3%)	888	940	52
Sub Total	3226	3,154	(72)
New Home Bonus	378	434	56
Total Funding	3,604	3,588	(16)

4.2. The 2024/25 local government finance settlement is for one year only. The main points are set out below:

- The Funding Guarantee replaces the Lower Tier Services Grant. This grant is intended to provide a funding floor for all local authorities, so that no local authority would see an increase in Core Spending Power that is lower than 3% before any decisions about organisational efficiencies, use of reserves or council tax levels are taken.
- Revenue Support Grant has been increased in line with what would have been the increase to the multiplier; there have also been existing grants worth rolled into the RSG amounts.
- Local Government Funding Reform – as per the published Policy Statement, the Review of Relative Needs and Resources ('Fair Funding Review') and a reset of Business Rates growth will not be implemented in the next two years.

5. INTERNAL DRAINAGE BOARDS

5.1. Internal Drainage Board (IDB) levy figures are still being finalised and will be increases on previous years due to the extensive use of power and fuel for the activities that these organisations undertake, along with other pressures. The 2024/25 cost is £5.2m and the estimated increases range from 2% to 10% for next year.

5.2. The Council is liaising with the local Internal Drainage Boards who have been trying to limit future increases, where possible, but proving impossible with the pressures from power costs being experienced, particularly standing charges, in addition to pay, pension, worsening weather events and contract inflation. Representations have been and continue to be made to government due to the substantial loss of income to the Council. This embedded levy can no longer be afforded having a significant impact, every year that passes, on the ability of the Council to finance the services it is providing and putting it at a disadvantage to the majority of Councils in England, with only a handful of councils impacted upon in this way.

5.3. The table below illustrates that. the estimated IDB levy will consume 48% of all the Council's proposed Council Tax increase for 2024/25 which should be used to finance and support services but also requires additional efficiencies/funding to be identified to finance this

Council	Total Council Tax Received per year 24/25	Total IDB levy per year 24/25	Increase 2024/25	Council Tax 24/25 Increase £4.95
East Lindsey District Council	£8.0m	£5.2m	£176k	£370k

5.4. The Council has been in detailed discussion with government officers regards this position over the past year. We are also aware that the IDBs have made extensive representations to DEFRA and via ADA of this significant issue and a Special Interest Group has been set up to lobby Government on this matter with the SELCP partnership leading on this work.

6. CAPITAL PROGRAMME 2024/25 – 2028/29

6.1. The capital programme included in Appendix 1, is subject to final additions and other announcements that may be received by the time of publication. A final version of the programme will be presented to Council on 1st March 2023 for approval.

6.2. The five year General Fund Capital Programme includes provision for Investment and Growth linked to the Councils Strategic objectives. Final decisions on individual projects will be subject to approval and detailed business case.

Due to the nature of some capital projects, it can be common for large scale project timing to change over the medium term. This budget provides the best estimates of deliverability available at the time of production and the programme will be flexed over time as reported in quarterly reports to Executive Board and Council.

7. RESERVES

7.1. General Fund Specific Reserves are budgeted to increase by £6.670m in 2024/25, this is predominantly NNDR surplus. This figure will be adjusted once the outturn for 2023/24 is known.

8. BALANCING THE BUDGET

8.1. In terms of balancing the budget the following areas have been considered as part of the budget setting process:
