During 2023, the panel met on 9th October 31st October 13th November, and 11th December. They heard from a range of people and focused their review on shared issues across the Partnership, as they feel this is where the task group can make most impact when looking to make recommendations.

The panel met with Phil Perry, Assistant Director for Leisure & Culture, on 29th January 2024 to discuss the work being done in the 3 areas of the partnership on health and leisure provision, whether our own or provided through partners. There was a real focus on how the 3 Councils work in partnership with external organisations to deliver a variety of offerings across the districts.

The task group plan to meet again on 4th March 2024 and start to bring together some key themes and emerging recommendations, with a view to bringing a report to Overview at the April 2024 meeting.
