This is a short piece of 'light touch' pre-scrutiny taking place during July. The lines of enquiry were agreed to ensure that members across the Partnership are fully informed about the upcoming process and have access to the right / enough information to make decisions further down the line as part of the wider process.

- Meeting 1 – 10<sup>th</sup> July 2024 at 6pm – this will be to agree a Chair/Vice, receive an introductory briefing from the Lead Officer, review the lines of enquiry, the prospectus and specification documents.
- Meeting 2 – 18<sup>th</sup> July 2024 at 6pm – this will be a chance to speak with portfolio holders to give greater insight into the topic under review, further discussion, and initial thoughts on the report/recommendations.
- Meeting 3 – 24<sup>th</sup> July 2024 at 6pm – this will be a short meeting (if needed) to agree the draft report and any recommendations.

The final step is to take the report back to each Council's relevant sovereign scrutiny committees during September.
