7. List of documents submitted for consideration in relation to the matter in respect of which the decision is to be made :

Application made by Scamblesby Parish Council

8. Where the documents are held and where they can be obtained from (except exempt items) when they become available:

Property Services Department, East Lindsey District Council, The Hub and Willow House Mareham Road Horncastle.

9. The reason for the decision and other alternative options considered and rejected:

The first test under Section 88 (1) of the act is.

- (a) *There must be an actual current use of the building or other land that is not ancillary use and which furthers the social well-being or social interests of the local community.*

- (b) *It must be realistic to think that there can continue to be a non-ancillary use of the building or land which will further the social well-being or social interests of the local community.*

The Green Man is currently closed and has been for 2 years and there is no current use of the building therefore Section 88 (1) has not been met

The second test under Section 88 (2) of the act is

- (a) *There is a time in the recent past when an actual use of the building or other land that is not ancillary use and which furthers the social well-being or social interests of the local community.*

- (b) *It is realistic to think that there is a time in the next five years when there could be non-ancillary use of the building or other land that would further (whether or not in the same way as before) the social well-being or social interests of the community.*

The evidence supplied is very limited as does not give sufficient detail of the past actual use of the building, and few details were given on how it could be used in the future, therefore Section 88 (2) has not been met.

Therefore, having taken all representations into account, it is recommended that The Green Man Scamblesby is not listed as an Asset of Community Value.
