### Summary

Attached at Appendix A is the Annual Treasury Report detailing the Council’s activities and actual prudential and treasury indicators for 2022/23. It covers the following areas;

- An economic update for the 2022/23 financial year;
- A review of the Council’s investment portfolio for 2022/23;
- A review of the Council’s borrowing strategy for 2022/23;
- Debt position;
- Compliance with Treasury and Prudential Indicators.

**This Report refers to a key element of the Council’s Governance Framework and represents an important contribution to the evidence trail in support of the Annual Governance Statement 2022/23.**

## **Recommendations**

That the Audit and Governance Committee scrutinise the Annual Treasury Management Report 2022/23 at **Appendix A** and make any comments for consideration by Council when they consider this document for approval at their meeting on 11 December 2024.

## **Reasons for Recommendations**

The Council is required to produce an Annual Treasury Report after the end of each financial year in accordance with the Chartered Institute of Public Finance and Accountancy's Code of Practice on Treasury Management. This report has been delayed as a result of the delays in completing the financial statements for the 2022/23 financial year.

## **Other Options Considered**

As this is an update report there are no other further options for consideration.

## **1. Background**

- 1.1** The Council approved its Treasury Management Strategy for 2022/23 on 2 March 2022. This report now provides the Annual Treasury Report 2022/23 (Appendix A) for Audit and Governance Committee to make any comments for consideration by Council when they consider this document for approval at their meeting on 11 December 2024.

## **2. Report**

- 2.1** Capital expenditure for 2022/23 was £17.265m which was fully financed by grants and internal resources.
- 2.2** As at 31 March 2023, treasury investment balances were £59.9m compared with £48.5m the previous year and non-treasury investment balances were £26.9m compared with £34.0m the previous year. All treasury investments will mature in less than one year and the non treasury investments are long term investments in property funds and loans to InvestEL.
- 2.3** The following table provides an analysis of the net treasury position for 2022/23:

Investment Type	2022/23 Annual Budget	2022/23 Outturn	2022/23 Variance
Treasury Investment Income	(341,914)	(1,791,169)	(1,449,255)
<b>Property Funds</b>			
Gross Distributions	(1,195,404)	(1,033,424)	161,980
Less Management Fees	<u>233,818</u>	<u>202,135</u>	<u>(31,683)</u>
Net Distributions	(961,586)	(831,289)	130,297
Less Total Borrowing Costs	493,000	493,000	0
<b>Net Position</b>	<b>(810,500)</b>	<b>(2,129,458)</b>	<b>(1,318,958)</b>
M&G Property Fund Liquidation Distributions ( <i>to be used for MRP Contributions as the original capital purchase was unfinanced</i> )	0	(3,187,215)	(3,187,215)
<b>Net Position (including M&amp;G Liquidation Distributions)</b>	<b>(810,500)</b>	<b>(5,316,673)</b>	<b>(4,506,173)</b>

It can be seen from the above table that the overall net treasury position for 2022/23 was net income of £2,129,458 (excluding M&G liquidation distributions) compared to a budget of £810,500 resulting in a net surplus of £1,318,958 for the year.

- 2.4** The Council's treasury investments achieved an average rate of 2.457% compared with the average 3 Month Sterling Overnight Index Average (SONIA) rate of 2.721%. Property Fund investments achieved a rate of 3.381% and loans to InvestEL a rate of 4.00%. This gave a combined rate for all investments of 2.769%.
- 2.5** A full analysis of the Council's property fund investments can be found in Section 9 of **Appendix 'A'**.
- 2.6** A full review of the economy and interest rates is detailed in Section 8 of **Appendix 'A'**.
- 2.7** The Council's Investment Policy and Strategy is kept under constant review with the aim of balancing risk and reward. The investment criteria agreed for 2022/23 permitted investments with banks whose parent bank originates from a country with a sovereign rating of A+ or higher and meets Link Groups counterparty investment criteria.
- 2.8** The Council's 2022/23 accounts are subject to external audit which may result in some amendments to the figures being reported in this Annual Report.

### **3. Conclusion**

- 3.1** This report provides a review of treasury management performance for the financial year 2022/23, to Members to ensure best practice is maintained as required by the CIPFA Code of Practice for Treasury Management.

### **Constitutional and Legal Implications**

The General Power of Competence in the Localism Act 2011 allows Councils a broad freedom in their operations.

Councils have the general power to borrow under Section 1 of the Local Government Act 2003.

The power to invest is set out in the Local Government Act 2003, Section 12, which gives the Council the power to invest for any purpose relevant to its functions under any enactment, or for the purposes of the prudent management of its financial affairs.

The power that allows councils to spend for capital purposes is included in the Local Government Act 2003.

### **Data Protection**

None

### **Financial**

The financial implications are covered in detail in **Appendix A** to this report and in section 2 above.

By making the investment criteria relating to financial institutions stringent, the Council receives lower rates of return. The Council therefore aims to strike a balance between risk and reward when considering its portfolio of investments. Treasury Management is a key financial consideration for the Authority especially in respect of its investment returns and Capital Programme.

### **Risk Management**

The Code of Practice sets out the framework for controlling the risks associated with treasury management decisions for borrowing and investing. Ultimately investment and borrowing decisions are made in accordance with the Council's Treasury Management Strategy. The overriding priority is that the security of a deposit takes precedence over a return on investment.

The Prudential and Treasury Indicators control the limits for investing and borrowing, to ensure that any borrowing is affordable and sustainable and long term borrowing is for capital purposes only.

### **Stakeholder / Consultation / Timescales**

The Portfolio Holder for Finance is briefed on treasury performance on a regular basis.

## **Reputation**

The security of investments is the Council's main priority when investing surplus cash.
