This is credited to a new NTE approach and the funding of a new Knife arch/Wands by the SV-CPG.</li> <li>• Further bid to the SV-CPG to roll out 2 further knife arch projects across the wider force.</li> <li>• Violence with Injury – April to July showed a reduction of 6% (25 less offences).</li> <li>• Op Safe Haven – Funded by the SV-CPG, new relationship formed with St John’s Ambulance to provide a NTE provision during the Aug BH weekend. This resulted in multiple low level medical interventions, avoiding demand on Police, EMAS and ULHT, plus zero instances of serious violence that weekend in the NTE where pre-Covid level would have expected around 5. A key benefit was the ability of the SJA team to take those in mental health crisis off the Police, this occurred on 4 occasions over the weekend allowing frontline officers to be released to other incidents. Further bid to the SV-CPG to run this throughout the Summer season of 2024.</li> <li>• Rape – April to July 23 shows a reduction of 25% which equates to 26 less offences - credited to new NTE focus around VAWG (<i>Other Sexual matters appear to have increased which we are trying to understand</i>).</li> <li>• Missing people – No data however the Coastguard has said they have seen a significant reduction in missing people on the beaches this season. Credited to Op Atlantis, multi-agency approach to beach safety with CG and RNLI.</li> <li>• Drugs offences – Significant increase (95%) due to levels of proactivity in the NTE and SOC work under Op Republic.</li> <li>• I expect to see a significant reduction in “All Crime” once we take away the drugs proactivity, however no data as yet.</li> </ul> <p><b>Q4 A copy of the evaluation report undertaken by University of Lincoln available upon request.</b></p>

They have set a realistic target of getting the screens installed in the early Spring, ideally before the Easter break (Thursday 28<sup>th</sup> March 2024). The next steps are to make contact with Architects who will prepare/revise the planning permission plans. Once planning permission has been sought, a National Grid application will need to be prepared for the locations and this is an unknown at this point.</p> <p><b>Update November 2023:</b> The OPPC have been working with Jonathan Hendry Architects on the production of site plans for 9 locations for the 10 digital screens. Planning applications have been submitted by the Architects (approx. 8-week turn around). The next stage in the process is to prepare the power connection applications to the National Grid.</p> <p><b>Update Jan 2024:</b> Some planning objections received and are being worked through by the OPPC.</p> <p><b>Update Q4:</b> Following planning objections to the identified site in Sutton-On-Sea an alternative location has been identified (near the new Colonnade and Pleasure Gardens project), installation will have to be delayed in line with these building works (approx. 18 months). OPPC to work with ELDC Estates on scheduling this in (anticipated Summer 2025).</p> <p>The two screens at Mablethorpe promenade and Skegness North Bracing have been approved and the national grid connection applications are being finalised. The plan is to have these in place ready for the summer school holiday.</p>

ASB	Street Drinking (Skegness)	<ul style="list-style-type: none"> <li>Explore the need/practicalities for a PSPO to address street drinking in Skegness, taking into consideration the holiday season and influx of tourists.</li> <li>Lincolnshire Police/ELDC &amp; British Transport Police to work closely to actively promote a responsible drinking culture along the coast using relevant powers to educate and enforce.</li> </ul>	Jan 2024 – March 2025	<p>DC Phil Graves has liaised with Chris Wesley (ASB Officer) and Jon Challen (Service Manager) at ELDC and there is very little appetite for a PSPO application. A PSPO was considered by the council some years ago and the cost of signage alone would have been about £20,000. There are also issues in terms of who would enforce a PSPO and the fact that the main issue is that a PSPO does NOT prohibit drinking in the street only failing to stop drinking once asked to do so by a designated person.</p> <p>The main area of concern was street drinkers congregating and drinking on the frontage to Skegness railway station. This land is owned by East Midlands Railway and ELDC would not apply for a PSPO unless it was requested by the landowner, EMR were made aware of this in March 2023 by Chris Wesley and to-date EMR have not made any such request.</p> <p>A £3 million refurbishment of Skegness station is underway which will hopefully mitigate some of the ASB. As part of this the Lincolnshire Police “Designing out Crime” Officer has been liaising with the EMR DOCO to try and have the plans amended to reduce the seating at the front of the station where the street drinkers congregate.</p> <p><b>Update Q3</b> – The South &amp; East Lincolnshire Council’s Partnership are aiming to deliver a PSPO for Skegness subject to a robust evidence base and public consultation, and agreement through the democratic processes within the council.</p> <p><b>Update Q4</b> – Analytical work has been produced by Lincolnshire Police which shows the areas of concern for East Lindsey in relation to alcohol-related crime/incidents/ASB in Skegness and Ingoldmells. Domestic Abuse Awareness training will also start to be delivered across all departments in the future.</p> <p><b>LDASS (Lincolnshire Domestic Abuse Specialist Service)</b> On the 5<sup>th</sup> and 6<sup>th</sup> March the DA Officers linked up with the LDASS Engagement Team in Spalding and Boston Markets. The aim was to try and reach more communities who do not have English as their first language.</p> <ul style="list-style-type: none"> <li>LDASS have a stand for the Crime stoppers campaign, which showcased their details. There was access to interpreters on both days.</li> <li>LDASS are making links with local community leaders</li> <li>LDASS will be presenting an update of their current Domestic Abuse services to departments across the Partnership, so staff feel confident and clear about referring customers to them. This is likely to be delivered by teams in April 2024.</li> <li>They are also going to be looking for staff to train as Domestic Abuse Champions.</li> </ul> <p>The DA Officers will be displaying new LDASS leaflets which have a QR code which takes you to the <a href="#">LDASS</a> site and this can also be translated into various languages. They also have new leaflets for SOLDAS (South Lincolnshire Domestic Abuse Service) who manage Domestic Abuse Services in Boston and South Holland. These will be in receptions and available electronically for staff.</p> <p><b>Being followed</b> Lincolnshire Police have also created a new video with Lincoln College, as part of a campaign following research showing that women and girls are frequently being followed but don't report it because they think nothing can be done.</p> <p>The video and information about the campaign has been circulated to all Staff across the Partnership: <a href="https://www.lincs.police.uk/news/lincolnshire/news/2024/feb-2024/get-in-touch-with-us-if-youre-being-followed/">https://www.lincs.police.uk/news/lincolnshire/news/2024/feb-2024/get-in-touch-with-us-if-youre-being-followed/</a></p>
